shro5435 #4
1 commit 11 ++ 0 --

## Milestones Repo:

Here are the screenshots of each member's contributions throughout the semester from GitHub. On each page, the top images are additions and the bottom images are commits. Note, that this is only statistical information for our master and doesn't completely reflect contributions of our group members.

Deployment: https://study-buddies-app.herokuapp.com
Note: If Heroku app delays with loading or gives you an error, this is because the application is in a sleep state. Reload the page after 30 seconds if this occurs.
